

The car's wedding

The most common means of transport to the wedding is your own private limousine or slightly more extensive auto. This is not the only possibility to reach the church. Thanks to the many unusual vehicles its journey to the wedding and decide on a historic gig, American roads cruiser, cab, and even a tank! It all depends on your imagination and fantasies of youth.

The tank can be quite extravagance beyond the idea, but it does at the wedding visitors thunderbolt really impressive. Disadvantage of this mode of transport is the difficulty with the wedding dress in good condition when alighting. To arrive tanks, it is also enough space under the church, not because each street is wide enough. Cab, and in some cities is a very popular means of transport wedding. Duly prepared classic and elegant looks. If there is a risk that the wedding will fall on, it's a good place to rent a lockable. Antique cars - the vehicles of historical associations, you can get the Austin Princess, Essex, and Hudson. These readily used by the mafia cars present themselves very nobly. Lovers of more modern cars, an interesting alternative may be cars such as Cadillac, or Thunderbird, which is famous roads. You can also choose to replace the antique cars on the most modern Porsche or Jaguar. Each pair has its own young ideas - there are already vows in which a young up at the church on horseback or on rolls.
